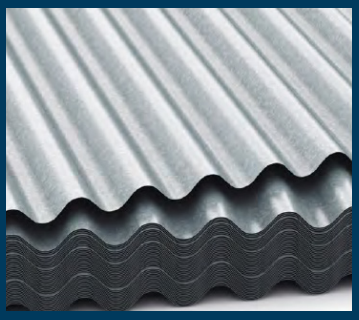
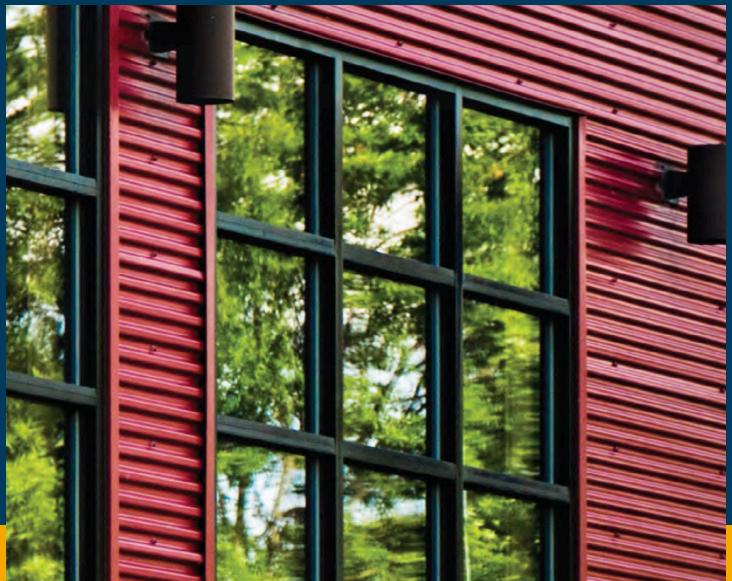
SKILLED CRAFTERS OF METAL ROOFING SYSTEMS

PREMIUM METAL ROOF SYSTEM
EXPOSED FASTENER SERIES

CORMAX

3/4" CORRUGATED EXPOSED SEAM





HIGH STYLE AND HIGH PERFORMANCE

CorMax is the classic corrugated panel, offering strength and durability as well as architectural, industrial farmhouse style. The 3/4-inch rib height makes this low-profile metal panel system both useful and beautiful. Requested by designers for interior detail applications like wall paneling and wainscoting, CorMax can be installed vertically or horizontally for a different look. Use it as a traditional exterior wall and roof panel and you will never be disappointed.

PRODUCT FEATURES

- Commercial, agricultural, residential, architectural interior, exterior
- Corrugated, 3/4-inch rib
- Roof and wall applications
- Heavy-duty gauge for durability
- Exposed fasteners
- Over 25 colors available
